MENTAL HEALTH COMMUNITY RESOURCES

With the right treatment, support and community, you or your loved one can live a fulfilling, values-driven life. Whether you are just starting your mental health journey or you have been on this path for a while, you don't have to seek healing on your own. We offer a variety of free resources to fit your life and help build community around you.

Free Support Groups

See back page for our support group schedule.

Please visit our website for registration information and for the most up-to-date support group information:

Online Support Groups

Join fellow community members for peer support and connection in navigating the twists and turns of the mental health journey. Participation in the groups is online and there is no cost to attend. Pathlight strives to meet the needs of our community by making virtual resources available to as many individuals as possible. We offer rotating support group series for different populations and identities throughout the year. The size of our groups may fluctuate from week to week. Any group that consistently has 20 or more attendees is evaluated by our team to ensure all participants are able to have a positive experience. Please note that the groups are a supplemental support and are not a replacement for mood and anxiety disorder treatment, therapy or medical advice.

Who Can Participate?

Anyone over the age of 18 is welcome to attend our groups. We offer groups for alumni, loved ones and community members who would benefit from connecting with others for support and community.

What Should I Expect?

These groups occur over video conferencing and are monitored and supported by a Pathlight-trained facilitator. Each group starts with introductions followed by time for a free chat where you can share experiences, thoughts, successes and challenges with other group members.

Individuals will be sent a meeting ID and link to join the online meeting room in a registration confirmation email.
